

Having an exceptional kiddo in Head Start has helped our family soar from the hand-wringing stress regarding the: overcoming of multiple medical issues, hearing issues, and sight issues, to experiencing the relief of seeing the daily progress after our great granddaughter has spent a year “going to Head Start School”. If it wasn’t for the coordination of including parents and families in the Head Start process, we all would still be reaching and searching for answers to the question of how to find help for our kiddo to learn and thrive. Thank you Clackamas County Head Start!

Please allocate \$387.843 million dollars for the continuation of this exceptional program for exceptional children!

Sincerely,

Signed, The Forman Family
