

Submitter: Eric Blake

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Oregon leadership priorities are so far upside down and backwards it is hard to keep up.

The economic leadership gaioure and the failed policies of covid have come home to roost.

So the idea is simply more taxes for ideological reasons and then applying the monies for pet projects.

Just another hidden tax of the economic redistribution of our taxpayer money through central planning.
