Measure, Appointment or Topic: SB5514

As a former Head Start Parent, I have seen firsthand how crucial these services are for children 0-5 years. The benefits that Head Start has had on my children is evident and has helped play a pivotal role in their success in K-12. Fast forward to today I am now working for Head Start and see things through a different lens. Every day I see and hear firsthand the care and support our teachers and staff provide for our families. It would be a huge detriment for all of our families and staff to see budget cuts and therefore I am in support of ensuring that \$387.843 million dollars is allocated for continued support for our program. Thank you.
