

Submitter: Zach Pickett

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB78

This bill is absurd. You should not dictate the size of a dwelling after a home is lost. You should do everything possible to help the victims and let them build what size dwelling they can afford as long as it meets the guidelines for their property. You allow homes to be built like the DR Horton sub division that builds homes that take up 90% of the property and right on top of each other. Do not let this pass
