

Submitter: Andrew Simrin

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3501

I oppose HB3501.

People need to be able to have a voice when it comes to waters of the State. The provisions in this proposed bill would exclude from consideration many circumstances/statuses that could absolutely be a detriment to the public interest, and deserve consideration. Our abundant and clean water is precious.

Thank you
