Measure, Appointment or  
Topic: SB78

SB 78 seeks to protect people who have suffered losses due to disaster or decay in farm and forest zones, who should not have to worry about being taken advantage of by wealthy speculators looking to build large estates that displace farmers, farm operators, and foresters and drive up land prices. Measures taken to enable the victims of such events to quickly replace homes lost are beneficial, but it seems obvious that those benefits should accrue to those victims, not to speculators and unscrupulous businesses. Please support rural disaster victims and vote for SB 78. Thank you.
