

Submitter:	Beverly Stein
On Behalf Of:	Cape Meares Aging with Grace Project
Committee:	House Committee On Early Childhood and Human Services
Measure, Appointment or Topic:	HB3497

Oregon is aging. In our small community we feel it very acutely as our median age is 75. We started an Aging in Place and Preparing for End of Life project a year ago. We have had presentations on various aspects of aging and have researched services for the elderly in our rural community. We found Tillamook County has limited resources and they are not coordinated. Having a state wide plan would provide a framework for our local efforts. Please support HB3497.
