

Submitter: Mary Moomaw

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB820

I am a Mother of three children and current resident of Happy Valley, Oregon where we recently learned there is a Level 3 sex offender living in our community. He is currently not classified in Oregon and has zero restrictions, including access to school grounds and youth sporting events. His classification from another state should be carried over without re-evaluation by a stressed system. I strongly oppose this bill and urge you to do so as well. My children, and all children in our community, should not have to be exposed to violent criminal sex offenders.
