

Submitter:	Tawni Pfaff
On Behalf Of:	Faith Community Nursing
Committee:	Senate Committee On Health Care
Measure, Appointment or Topic:	SB529

To whom it may concern,

I am supporting SB 529 as a faith community nurse. Our presence & assistance in our community is vital. We are stepping in the gap for those who may not qualify for services & fall through the cracks of our Healthcare system. Many of the hospital nurses are facing burnout, but feel stuck because they need a paycheck. This would allow more flexibility & autonomy in their delivery of care while earning an income. By faith community nurses being involved it decreases emergency room visits as well as decreases EMS calls.

Thank you,
Tawni Pfaff BSN RN
