

Submitter: Charles Missar

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3453

This proposal makes a lot of sense long term. Living in Eugene, I have given up on driving to Portland because of the awful mess on I5 and the limited service provided by Amtrak. WESA is a chance to change this awful situation and open up more places for concerts, meals out, and other fun and enlightening activities.
