As a hard working Oregonian, I believe it is partially my duty as it is yours to ensure my neighbors do not go hungry. With EEO protections being rolled back at a federal level, anyone with identities that were previously protected are at a higher risk of losing their jobs today than they were yesterday. I fear for the chaos our communities will fall into if so many within the working class struggle more to feed their children. To ensure that each Oregonian is capable of contributing the best versions of themselves to the needs of the community each day, please pass this bill.
