Committee: House Committee On Early Childhood and Human Services

Measure, Appointment or Topic: HB3497

As the percentage of Oregonians who are over 65 increases, the needs of aging citizens and the families who support them change. The demographics are already shifting in that direction in rural communities like mine. I believe forming and compelling a Shared Future Oregon Task Force comprised of representatives from 15 state agencies to develop a multi-sector plan for aging is a move toward developing policies that will support impacted individuals, families and communities.
