On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or Topic: HB3512

Dear Chair Lively, Vice Chairs Gamba and Levy, and Members of the Committee,

HB 3512 would protect Oregonians' health, and the health of our natural environment. Considering the consequences and externalities they create, forever chemicals have no justification. Please follow the other states who have initiated bans of these chemicals, and pass HB 3512.
