Care

Measure, Appointment or
Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health
and Health Care:

My name is Kelsey Zettle and I am a LCSW. I am a therapist in the Portland area of
Oregon and have been practicing for 1.5 years.

I am writing this letter in support of HB2029. Insurance audits are abusive and unfair
and limit access to care to the people of Oregon. Please help stop this practice to
protect clinicians and clients alike!

Thank you for supporting this bill.

Sincerely

Kelsey Zettle
