

Submitter: Judy Todd

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3501

This Bill is outlandish and so wrong headed as to be nearly unbelievable. If we empower our government and our leaders of agencies to ignore the impacts of our choices and actions, not even bothering to explore, but ignore them, we do so at our human peril. I do not support in any form, withholding information that explores or explains the impact of our community-affected choices. Don't you accept this either! Thank you.
