Care

Measure, Appointment or  
Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health  
and Health Care,

My name is Kellie Supriano and I am an LPC working in the City of Portland and  
have been practicing in the state of Oregon for 12 years. I have had my own private  
practice for 10 years. I am writing this letter in support of HB2029. Insurance audits  
have become increasingly unfair and arbitrary and limit access to mental health care  
for the people of Oregon. I urge you to vote in support of HB2029 to help stop this  
practice. I am finding it increasingly difficult to accept insurance as a mental health  
practitioner due to the practices of insurance companies, including the unfair practice  
of arbitrary and punitive audits.

Thank you for your time.
