LEAVE OUR KIDS ALONE!! Our kids are off limits to the supermajority's indoctrinations! Our children do not need to learn about climate change in the way the supermajority uses it as a political weapon to siphon money from The People. The climate has been changing since we've had a climate, we can't TAX our way out of it! We can help mitigate it though, relatively easily - MANAGE OUR FORESTS so they stop burning down each year and releasing millions of tons of greenhouse gasses into our air and atmosphere! The amount of co2 emitted during a single fire season in Oregon, is equivalent to all the automobiles in Portland running 24 hours a day, all year long! Half the weight of dried wood is carbon, which is locked up unless it burns.

LEAVE OUR KIDS ALONE!!

Sincerely and with great concern,
