

Submitter: Janet Moss

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3501

I strongly oppose the passing of HB 3501. If passed, this bill would actually prohibit the state from considering public interest issues (fish, wildlife, water quality, public health) when deciding on water rights transfer applications. This would be taking Oregon back in time policy-wise, and could/would have serious long-term impacts.
