

Submitter: James Matthews  
On Behalf Of: McKensie fly fisher  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB3501

I want Oregon to do more to support healthy streams and rivers. Make it more difficult to transfer water rights that drain off our precious resource while damaging fish habitats . The ecosystem is more stressed than ever with warming waters. Warmer water increases risk of dangerous algae blooms and disease carrying bacteria.  
Thank you for your support.
