

Submitter: James Thrower

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3501

This is an absolutely horrible bill. It deprives individuals and public interest organizations of the right to have input on critical issues regarding fish, wildlife, and water.

It also makes it prohibitively expensive for those who oppose decisions to engage in any appeal process. Please kill this bill.
