Chair & Committee Members,

I wholeheartedly SUPPORT this bill. It should be mandatory that the Secretary of State publish monthly statistical reports on voter registrations for each county!

What a concept to have transparency in this process! This type of bill begins that conversation. Having the number of registrations cards, the number of cards rejected, and the number of voter registration transactions such as address change, name changes, political party affiliation changes, registration cancellations (for residential address changes outside of the country, death, and other reason identified by the secretary in the report), political party affiliations listed by political party as the end of the reporting period that includes active registrations, inactive registrations, total number of active and inactive is ESSENTIAL!

Please SUPPORT this bill!
