

Submitter: Kathy Ging
On Behalf Of: Self
Committee: House Committee On Rules
Measure, Appointment or Topic: HJR11

To the Honorable Committee Members.

Pls. vote NO on HJR 11

Modifying the initiative petition process would raise the requirement for signatures statutory measures by 33%; and for Constitutional measures by 25%.

This drastic huge increase proposed in the number of signatures required fo qualify for a ballot measure is unnecessary.

Oregonians have little time to stand around asking for signatures.

The weather is inclement in winter, dark at 5 pm and in spring.

Temperatures often torrid even in June and July not only August in recent years. Many seniors, families with children have little spare time to gather signatures.

HJR 11 would also mandate that those new requirements be met separately in every congressional district.

This onerous twist would be anomalous in qualifying signature To the Honorable Committee Members.

Pls. vote NO on HJR 11

Temperatures often torrid even in June and July not only August in recent years. Many seniors, families with children have little spare time to gather signatures.

HJR 11 would also mandate that those new requirements be met separately in every congressional district.

This would be anomalous in signature qualifying the spheres not conforming with protocols in most other states-almost half have an initiative or referendum process.

History shows only two statewide initiatives qualified for the Oregon ballot in 2024, and one of those was supported by union money behind it.

Do not increase the difficulty for Oregonians to use the signature gathering/ ballot measure vehicle to influence public policy!

Thank you for voting NO on HJR 11.

Oregonians will thank you for your diligence in watching over their ability to engage in policy making, conforming with protocols in most other states-almost half have an initiative or referendum process.

History shows in recent years only two statewide initiatives qualified for the Oregon ballot in 2024, and one of those was supported by union money.

Do not increase the difficulty for Oregonians to use the signature gathering/ ballot vehicle to submit a ballot measure for voter consideration so as to maintain a voice in influencing public policy.

Thank you for voting NO on HJR 11.

Oregonians will thank you for your diligence in watching over their ability to engage in policy making.
