

Submitter: Jerry Domes

On Behalf Of:

Committee: House Committee On Labor and Workplace Standards

Measure, Appointment or Topic: HB2548

This bill is hard to understand as no other businesses that I know of have a governing body to tell them how to run their business. We have BOLI and OSHA to already give us regulations. There is now an overtime law. There is ODA and EPA. What would be the actual purpose behind government wanting to run our farms? They can barely run themselves. Maybe that should be the focus instead.
