On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB2010

I'd like to submit my support of contributing Medicaid funding. My 71 year old father would be homeless and hungry without the assistance provided. He recently spent over two weeks in the ICU and an assisted nursing facility due to a horrible pneumonia infection, accompanied by flu A and a MRSA infection. If he had to worry about his health care expenses he may have not gone to the hospital in time to get help. He relays on SNAP for food and due to minimal work history over the years has had a hard time finding employment. Public assistance is quite literally the last line of defence between him and being being a homeless person on the street. Please continue to support our vulnerable elderly population.
