Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3501

As a part of a farm family growing up, I know how important it is to have access to water supplies for livestock and human use. As a recreational boater and kayaker, and former Chair of the Oregon Marine Board, I strongly believe that all uses of the State's water must be considered in any equitable distribution. I urge a vote against HB 3501.
