Measure, Appointment or Topic: HB2548

As a registered voter in Oregon and someone who works closely with the farming community in Oregon, I strongly OPPOSE HB2548! We do not need a Board of unelected officials dictating employment decisions in the workplace when most of them probably will have no experience working on a farm. Furthermore, the Government is not there to be in the day to day business management of private operations. It just creates more costs and that benefits no one.
