

Submitter: Leslie Cantero

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB3444

Good morning Honorable leaders, Please support this bill to increase funding for charter schools. My daughter attends Alliance Charter in Oregon City. It is a wonderful program that supports her love of the arts, classic curriculum, and allows to have time to learn history of her native Hawaiian/Pacific Islander ancestry. In a traditional school, she would not have the time to pursue education that is tailored for her ancestry or her interests. some of the classes offered to her is a third grader include structural design, ukulele, folk dance, choir, orchestra, and Spanish. These are offered in addition to her core classes. Please support this bill. Respectfully,
Leslie Cantero
