To whom it may concern,

Good morning,

My name is Monique Bochsler. I am a proud Oregonian, resident of Scio Oregon, PCP for precinct 56 and concerned resident of Oregon.

I write in opposition to HB3194. This bill is terrible for farmers. Not only does this implement regulations on simple lease of farm. It also attacks a whole way of life. A good chunk of retired farmers lease land to younger farmers. Allowing retirements for a lot of aging farmers.

This also put restriction on farms that only have a handful of farm hands. This farmers have nothing to do with farm workers camps.

This is a terrible bill and I strongly ask a no vote. I ask my fellow Oregonians to please stop with these nonsense sense bills and actually help.

Thank you for your time

Monique Bochsler
