As a precinct committee person in Tillamook County, I have participated in election integrity campaigns, get out the vote efforts, and observed ballot counting. I can verify that at the county level everything legally possible is done to ensure every vote in our county is counted. However, I have also documented the outdated voter rolls based on returned mail cards to voter addresses, national change of address requests, and direct knowledge of 16 year old persons receiving ballots. Complicating this issue was the Oregon legislature awarding illegal aliens the ability to obtain state driver's licenses, in defiance to Oregon voters overwhelmingly voting against this action. As if this slap in the face was not insulting enough, the legislature then approved the motor voter law that allows license holders to register to vote through the DMV. We all knew this was a fraudulent way to register voter's, but last fall we finally got proof that these laws have worked in conjunction to undermine the integrity of our state election system. We need to address this issue immediately. Please vote YES on HB 3470.
