

Submitter: Monique Bochsler
On Behalf Of:
Committee: Senate Committee On Education
Measure, Appointment or Topic: SB785

To whom it may concern,
My name is Monique Bochsler and I write in support of
SB 785.

Oregon's agricultural, forestry, fisheries, and natural resource sectors depend on a competent workforce for their continued strength. Senate Bills 784, 785, and 786 collaborate to provide students with essential educational resources, industry networking, and access to qualified educators to help them thrive.

SB 785 creates the Agriculture Education Scholarship Program, which funds tuition for students studying agriculture, forestry, and natural resource education, provided they agree to teach in rural areas upon graduation.

I strongly support this and would ask a yes vote

Sincerely Monique Bochsler
