

I oppose SB 78 simply because some people need more bedrooms for family size. There isn't much logic in keeping all home sizes to 2500 square feet when we consider family size possibilities. The default home size is already less than 3000 square feet.

One more reason to move from Oregon to another state.

Also this is the first time most of us have heard of this is after the March 6 hearing. Lack of transparency and lack of explanation.
