On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or
Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health
and Health Care:

My name is Dr. Tara Sanderson and I am a Licensed Psychologist and Small
Business Owner. I have been a psychologist in Tigard and Portland areas of Oregon
and have been practicing for 10 years.

I am writing this letter in support of HB2029.

The way that insurance audits are currently being implemented are abusive and
unfair and limit access to care to the people of Oregon. Please help stop this
practice.

Most industries have audits that are specifically set for certain amounts of time and
that seems like a logical solution for our industry as well.

Thank you for supporting this bill.

Sincerely,

Your name.
