Oppose this bill !!

We do not need another beaucroatic board to dictate everything for our farmers and ranchers. They are the stewards of their land. They can hire and fire as they see fit for any reason necessary. Oregon is an At Will work state.

Why are we trying to establish special rules for farm hands that legal Oregonians at large don't have? Why would we need a superate board to do this when we already have agencies capable of this task. We have unemployment departments, health and safety departments, occupational safety and many others.

Government needs to stay out of farming and allow our professional farmers to run their businesses. Government over reach is the real issue here!!

Vote NO on HB 2548 !!
