Measure, Appointment or Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health and Health Care:

My name is Anne Cuthbert and I am a Licensed Professional Counselor, in practice for 25 years. My group practice is in Portland, OR. I employ several other behavioral health providers, all specializing in eating disorders.

I am writing this letter in support of HB2029. Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Our practice lives in fear that we will go out of business if an insurance company audits us, only because of the unfair and abusive audits they employ. Please help stop this practice. We work hard caring for the people of Oregon and we want to continue to do so. As you know, mental health is important for Oregon to thrive.

Thank you for supporting this bill.

Sincerely  
Anne Cuthbert
