

Submitter: Karen Gerdes

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or  
Topic: HB3681

This important bill, developed over months and years of study and hard work, addresses Oregon's future energy needs. These needs are increasing, even while our infrastructure ages and becomes less able to deliver efficiently and effectively. Please look ahead for the well-being of citizens and Oregon's place in the energy future. Thank you.
