Measure, Appointment or Topic: SB49

I appreciate the efforts of the Oregon legislature to address our state's significant housing shortage. However, SB 49-1 does more harm than good, and fails to move the needle towards providing more housing throughout our state. Tigard has several significant objections to SB 49-1.

This bill does far more harm than good and doesn't help Oregon or local governments develop housing in a smart nor effective way.

For these reasons, we join the chorus of cities voicing our opposition to SB 49-1.
