Measure, Appointment or Topic: HB3167

I am writing in support of HB 3167. It is harder than ever to support a career or business in the music industry. Further, it is becoming prohibitively expensive to attend and support musicians as a result of the secondary ticketing market, driven in large part by "bot"-style software which purchases tickets specifically for resale at exorbitant costs which the artists and club owners do not receive. Given the opportunity to address this issue, please act responsibly by supporting this important measure.

Sincerely,
Kevin Friedman
