Measure, Appointment or Topic:	HB2548

Farmers do not need more regulation. The current angst at governments has roots in the proposals brought by urban interests that do not understand that Oregon farmers as diligent stewards of the land taking care of the people that work for them. There are many reasons that have been demonstrated to the committee that HB 2548 is not needed. Thank you for the opportunity to comment. DAVID NELSON retired Oregon State Senator Dist 29 1996-2012.
