Committee: House Committee On Education  
Measure, Appointment or Topic: HB2423  
Chair Neron, Vice-Chairs Dobson and McIntire, and Members of the Committee,

My name is Kyra Krall, and I am a school nurse with MESD working in the David Douglas School District. I am submitting this testimony in strong support of HB2423, which will establish the School-Based Health Professionals Taskforce to ensure that licensing board rules accurately reflect the realities of working in school settings.

We work in unique settings and conditions that often differ from what we would see or experience within a clinical setting and this should be reflected in licensing standards.

I urge you to support HB2423 so that Oregon's licensing boards can establish clear, appropriate guidelines for school-based health professionals, improving both professional retention and student access to necessary services.

Thank you for your time and consideration.

Sincerely, Kyra Krall
