Committee: House Committee On Rules

Measure, Appointment or Topic: HJR11

I oppose this amendment HJR 11 to the Oregon Constitution as this is another sneaky way in making the citizens voices heard. The process of Oregon's branch of government is an important part of check and balances to the Legislature. This is an unnecessary amendment and would make raising the requirements of collecting signatures. The system that we have in pace should not be changed period. The only reason Democrats want this is because they don't like the measures passed by voters like any tax cutting or anti crime measures that the voters have wanted and passed.

It is time for the Representatives of this Legislation to start listening to their constituents who elected them to represent them. It is high time they do their jobs of representing the people not making decisions according to what you Representatives want. Just remember we are the people who put you in office and can easily remove you come election time. I would ask for a NO vote and squash this bill in committee. Thank you.
