

*I am sending you a brief email in support of HB3444 to provide equitable funding to all charter schools; charter school students and public school students. I thank you for your consideration and support.*

We have five children. We started out at Cal Young and Gilham public schools in Eugene . Our fourth daughter was excepted into the charter school as a kindergarten and that opened up our paths to get all five children into the charter school. We have had a significantly different experience in all positive ways since switching our family from the public schools Eugene to the charter school in Coburg.
