

Submitter: Not a Union Representative  
On Behalf Of:  
Committee: House Committee On Labor and Workplace Standards  
Measure, Appointment or Topic: HB3789

This bill is clearly targeting the Freedom Foundation and OptOutToday.com -

If only the unions were truthful about how much of its members dues they waste, how much money they actually spend on their Executive's 6-figure salaries, Political campaign donations, Luxury travel expenses, Lawyer fees, and Other funds sent to the National headquarters in DC...

Maybe the local union members can feel like their dues are being used for real advocacy and representation of their needs here in Oregon.

This bill is not about impersonating a union representative. This bill is about censorship of the truth and stifling freedom of speech informing public employees about their rights against unfair labor practices by the unions which take thousands of dollars out of their already low salary paychecks.

There is too much union money spent primarily on Democrat campaigns in Oregon, which continues to rank the lowest in the nation by most metrics by far. Only Democrats who are paid off by the unions support this bill. Follow the money!

Orestar will show you how much every candidate receives in campaign donations and IRS 990 forms will show you how much money the unions spend. Since the Democrats have the Super Majority in Oregon, our state will continue to go down the drain. There is no one else to blame but Democrat Leadership!

Vote NO on HB 3789 - Protect Freedom of Speech!
