Measure, Appointment or Topic: HB2548

This is a real stupid and out of place bill, a lot of farm workers are undocumented and dont want someone to unionize them or have their name on a document someone in the legislature has there head where the sun dont shine here you go just adding layers of redickulas laws to a temporary work force and more cost to farms that are barely making it with all the regulations you have put on them and inviting illegals to stay in oregon when most go south for winter I grewup in farming and worked side by side with the workers in the fields and most don't even know what a union is and 3/4s of them don't want their names on a us document out of fear of retaliation by the farm owners, or the Coyotes that sell there labor to farm owners just say no to unioniazation
