

Submitter: Christine Larson
On Behalf Of: Bend Resident
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3501

My husband and I live on a farm and are very concerned about the attitude of unlimited water. The issues we have are wells drying up, and not enough water to grow crops, raise livestock, or hay.

Meanwhile a proposed resort with golf courses next to another resort with golf courses are taking away one of our most necessary resources without consideration of public needs.

Please deny this bill and the drastic effects it can have on our limited resource, water.
