

Submitter: Ruai Gregory

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3453

I am a resident of a small town in eastern Oregon and support the creation of the Westside Express Service Authority. I spend a lot of time visiting friends and family and attending professional meetings on the west side of Oregon, and appreciate using trains to commute. I especially use public transportation between Portland, Salem and Eugene. Thank you for considering this much needed Bill.
