Dear Co-Chairs Helm and Owens,
I am writing in strong opposition to HB 3501.

Oregon should be doing more to protect the public interest in water right transfer decisions, not preventing the state from considering impacts to fish and wildlife, water quality, and other public values. The health and value of our waterways is vital to human survival, and must be considered with any water right transfer, NOT the opposite. Please have change to do what is needed for our people and our communities.

I urge you to oppose HB 3501!

Sincerely,

Rima Givot
