

Submitter: Elaine Lavington

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: HB3468

I emphatically urge you to SUPPORT this bill. This bill will keep county clerks from updating voter data via ODOT and OHA sends. It allows the voters to use voter registration cards to make updates to their data instead. This bill begins that conversation that the voter should be in charge of their data and any changes to that data and not automatically be changed by any automated system.

Please support this bill.
