Dear Co-Chairs Helm and Owens

I am writing in opposition to HB 3501

I am a young engineering student who spends his free time fly fishing, and I believe Oregon should be focusing on protecting the public's interests in water rights, and not giving that ability up. This bill would prevent the state and future generations from protecting our local waters and public values.

I urge you to oppose HB 3501 and thank you for what you do.

Sincerely, Max Empol
