**Taxpayers Association of Oregon
urges No vote on HB 2087**

We will save you money from studying income taxes ... we have the answer: they are too high.

Better instead to study where our income tax dollars are being spent.

Here is what you can study:

- How much of our income tax dollars are lost to paying off the \$28 billion government pension debt (PERS)?
- How much of our income tax dollars are being spent on hand-outs to private companies like spending tens of millions for Hollywood film companies and building \$10 million dollar mega-restaurants?
- How much of our income tax dollars were wasted with the \$1 billion dollar ODOT fiasco, the \$200 million CRC bridge that was never built, or the \$200 million health care website that never enrolled a single person?
- How much of our income tax dollars were wasted on preventable computer crashes by Employment Dept., Housing Department, Health Department and DMV?
