

Submitter: Katie Krail

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health and Health Care:

My name is Katie Krail and I am a LCSW and therapist in the Portland area practicing remotely and have been practicing for 10 years.

I am writing this letter in support of HB2029. Insurance audits are abusive and unfair and limit access to care to the people of Oregon. Please help stop this practice. We have enough barriers in the field of mental health as is.

Thank you for supporting this bill.

Sincerely, Katie Krail
